

# Sanctuary Seekers and Health Care

## Tackling Inequalities in access and outcome

Speakers include

**Bill McCarthy – National Director for Policy, NHS England**

**Friday 20 September 2013**

**9.30-16.00 (registration from 9am)**

**At the Norcroft Centre, University of Bradford**

**Are you a commissioner, service user, health professional,  
public or 3rd sector worker involved in health care for  
sanctuary seekers?**

### **This exciting conference aims to:**

- Outline the health needs of sanctuary seekers
- Share good practice in meeting the health needs of sanctuary seekers
- Reduce inequalities in access to and outcomes of health services for people seeking sanctuary
- Improve the dialogue between geographical areas, commissioners, service providers and service users

### **Outline of the day**

- Understand voluntary and forced migration and health care provision
- Health service access and outcomes for sanctuary seekers
- The impact of health service changes and commissioning
- The commissioners' perspective on reducing health inequalities
- Interactive workshops on a variety of health issues affecting sanctuary seekers and how they can be addressed
- Sharing the lived experience through theatre, film, stories and a living library

### **Costs (inclusive of refreshments and lunch):**

- Commissioners and Doctors £99
- 3rd sector workers and students £29
- Other health care professionals £69
- Limited number of free spaces for service users
