TWR's big goals

1. Shift media & public narrative
2. Build movement, grow and deepen the support base, especially lead role for people with lived experience
3. Develop political support for system change and influence decision-makers
4. Get closer to winning long-term system change, secure specific steps towards this.

Key strands of activity

1. Media/Comms

- Shared narrative to reach our base and ‘persuadables’
- TWR media pushes: 1 June; July UN 70th anniversary; autumn

2. Local mobilisation

- To show solidarity and lobby key targets
- Build to national focus late autumn e.g. mass lobby
- Lived experience at the forefront

3. Political

- Working to agreed policy priorities and Bill amendments in Westminster
- Coordinated constituency and national lobbying of targets.
